

# VILLAGE OF MAYVILLE, NY

## 2023 TREE SURVEY

*Did you know that just 100 trees remove 53 tons of carbon dioxide and 430 pounds of other air pollutants per year? That 100 mature trees catch about 139,900 gallons of rainwater annually? That trees reduce flooding and erosion, and provide important wildlife habitats, and enhance regional biodiversity?*

The Village of Mayville is developing an extensive tree planting/replacement program that will enhance the beauty of our area and attract more visitors to our community. You can help by completing this brief survey and returning it to the Village offices, 1 South Erie Street, P.O. Box 188, Mayville, NY 14757. Drop off in person or remit with your electric bill. THANK YOU!

Would you like a tree planted on your property?  YES  NO

Do you have interest in purchasing a memorial tree?  YES  NO

Do you have interest in helping with GPS mapping/ID of Mayville's trees?  YES  NO

Do you have interest in serving on a tree committee?  YES  NO

Do you have interest in helping to plant trees?  YES  NO

Do you have interest in any of the following free workshops? Check all that apply.
