Excused: Jessica Emhardt; Mary Schiller

Absent: Dan Roush

Others: Brian Pender

Please see the attached information collected from the public who attended the presentation and work session held on October 22nd.

Throughout the presentation by the Pashek staff, there was some discussion regarding the public responses to the four areas covered during the public meeting and workshop held on October 22nd. The areas were economic vitality, community livability, mobility & access, land use & development. The committee then began commenting on what new questions could be asked on the next survey.

Pat Appelbe brought up the question of the available property between Lakeside Park and Water Street. Tom Carlson had posted a question on the Mayville Community Connection Facebook page on October 1st asking who would support the Village of Mayville and Town of Chautauqua purchasing this parcel to add to the Lakeside Park. There was a very significant positive response to this question from local Facebook users.

The meeting was adjourned at 8:00.

Respectfully submitted,
Sharon M. Smead
