

# Building Strong Communities

## Smart Growth Community Planning Training

The New York State Department of State (NYSDOS) invites municipal leaders, project committee members, and consultants involved in the Smart Growth Community Planning projects to attend our upcoming webinar.

This webinar will serve as the required training session for grantees of the NYSDOS Smart Growth Community Planning (SGCP) program. The training will give an overview of Smart Growth principles, which must be integrated into all SGCP-fund projects. The presentation will highlight how these principles can effectively strengthen communities and make them more resilient.
